Department of Computer Science – University of Jaffna

- B.Sc. (Hons) in Computer Science

Dharmaraja Collage – Kandy

- Advanced Level Examination – 2020
 - Physical Science Stream
 - Combined Mathematics – C
 - Chemistry – C
 - Physics – S

Teldeniya National School – Teldeniya

- Ordinary Level Examination – 2015
 - Results: 6 A's, 3 B's

WORK EXPERIENCE

Sales Cash Collector – Munchee Biscuits

- Effective communication with customers and employers.

PROJECTS

- **Personal Portfolio Website | HTML, CSS, JavaScript, GitHub**

Designed and developed a responsive portfolio to showcase technical projects and skills using modern UI/UX principles with a mobile-first approach with managing version control via GitHub.

- **Hotel Management System for Green House Resort | React, NodeJS, PostgreSQL (In Progress)**

Developing a comprehensive management solution to automate resort operations, including guest bookings, room inventory tracking, and billing. Building a real-time dashboard to centralize administrative tasks.

- **Facial Emotion Detection for Smarter E-Learning using Deep Learning (Research – In Progress)**

Developing a deep learning-based system to analyze student facial expressions during online learning sessions with comparing various architectures to classify emotions aiming to provide actionable feedback for educators.
